

<sup>1</sup>DRAFT AGENDA / OUTLINE

**Afternoon of March 7, 2007**

Plenary:

MAP Status [Don Anderson]

GOES5: assimilation, reanalysis, SI, climate [Michele Rienecker]

GISS ModelE [Jim Hansen, Gavin Schmidt]

**Morning of March 8, 2007**

MAP06: [Bill Lapenta, Oreste Reale]

MERRA: (Relation to US Reanalysis Plans) [Mike Bosilovich]

ECCO II [John Marshall]

**Break**

Polar Environment/Ice Sheets/International Polar Year

[Waleed Abdalati]

Climateprediction.net with US focus on critical observations required to constrain global models [Bruce Wielicki]

**Afternoon of March 8, 2007**

MAP PI Poster session + SIVO/ESMF setup

**Break**

MAP/IESA/reanalysis/climate [TBD]

**Late afternoon March 8, 2007 (4-6) Reception** for discussions and arguments...

For example (Extemporaneous assessment from poster session of what will be done and in MAPME in '08)

---

<sup>1</sup> Draft – December 1, 2006

**Morning of March 9, 2007**

Explanation of breakout groups. Topics are MAP '07 potential projects.

Possible Breakout groups:

Polar/IPY

US ClimatePrediction.net

Need for assimilated data sets

**Afternoon of March 9, 2007**

Breakout reports, ROSES08 draft ideas based upon  
breakouts/posters/plenary
